

Advanced Credit and Prior Credit

Portage College will consider granting advanced course credit to students who have successfully completed recognized course work at a post-secondary institution, or who can demonstrate learning based on informal educational experiences. Requests for advanced course credit or assessment of prior learning should be made in writing to the Registrar and must be accompanied by official transcripts or appropriate documentation when applying to the College. Fees for this service vary. Please contact the Registrar's Office at 780-623-5551 for more information.
