

## Connecting Gaming Consoles to Wireless in Dorms

In order to connect a gaming console to the Portage-Public, the console must be registered. Please use a registered device to navigate to: "<https://pf.portagecollege.ca/device-registration>" and use the following directions.

 <p>The screenshot shows the Portage College login page. At the top left is the Portage College logo, a stylized tree with a person's silhouette. To its right, the text "PORTAGE COLLEGE" is displayed in a large, bold, serif font. Below the logo and text, the heading "Status - Login" is centered. Underneath, the text "Login to manage registered devices" is centered. There are two input fields: "USERNAME" and "PASSWORD". The "PASSWORD" field has a "SHOW" button to its right. At the bottom of the form is a grey "Login" button.</p>	<p>Enter your Portage College Username/Password</p>
 <p>The screenshot shows the Portage College network access page. At the top left is the Portage College logo. To its right, the text "PORTAGE COLLEGE" is displayed in a large, bold, serif font. Below the logo and text, the heading "Status - Network Access" is centered. Underneath, the text "Your registered devices" is centered. There is a blue "Register another device" button. Below it is a "Logout" link.</p>	<p>Select "Register another device"</p>
 <p>The screenshot shows the Portage College device registration page. At the top left is the Portage College logo. To its right, the text "PORTAGE COLLEGE" is displayed in a large, bold, serif font. Below the logo and text, the heading "Registration" is centered. There is a "DEVICE MAC ADDRESS" input field with the value "00:14:22:01:23:45" entered. Below the input field is a red "Register" button. Below that is a blue "Return to device list" button. At the bottom is a "Logout" link.</p>	<p>Enter the gaming console's MAC address and select "Register". The MAC address must be in the format "00:14:22:01:23:45". The MAC address can typically be found on a sticker on the bottom of the device or in the settings menu.</p>
