

Invest In Your Future Application Form

The Intention of the “Invest In Your Future” Scholarship is to encourage students to apply for postsecondary education at Portage College and to assist them in offsetting their cost of education. An initial calculation of an Early Assessment Average helps determine from the Grade 11 or Grade 12 marks in certain subject areas what a student may qualify for in terms of an award. Students must be coming directly from high school to a Portage College career program.
